13 August 2025

To: iShares Edge MSCI World Momentum Factor UCITS ETF (the “**Fund**”), a sub-fund of iShares IV plc
ISIN(s): IE00BP3QZ825

Dear Shareholder,

The Directors of iShares IV plc (the “**Company**”) wish to advise you of a change that will be made to the rebalancing frequency of the Fund from a semi-annual rebalancing frequency to a quarterly rebalancing frequency. The switch to quarterly rebalancing aims to reduce the erosion of the targeted momentum factor exposure between semi-annual rebalances. The transaction costs of realignment will form part of the Index rebalance which in aggregate are estimated to be up to 2bps and will be borne by the Fund.

The change outlined in this letter is anticipated to take effect on or around 29 August 2025 (the “**Effective Date**”) subject to regulatory approval.

The change made to the Index is not expected to have a material effect on the manner in which your investment is managed. You are not required to do anything as a result of this notification.

It is anticipated that the Company’s prospectus for the Fund will be updated to reflect the change to the rebalancing frequency of the Index on or around the Effective Date, subject to the approval of the Central Bank of Ireland.

The updated prospectus will be available on www.ishares.com. It is not expected that there will be any change to the Synthetic Risk Reward Indicator or anticipated tracking error of the Fund.

Costs

BlackRock Asset Management Ireland Limited, as manager of the Company, will pay the costs of the shareholder notification, and any additional operational costs
